Health, Safety & Environment (HSE) Policy

BG Buildtech Pvt. Ltd. is committed to providing a safe and healthy workplace while protecting the environment during all construction activities. We shall comply with all applicable legal, statutory, and client HSE requirements and continuously improve our HSE performance.

We are committed to:

- Providing a safe and healthy work environment for all employees, contractors, and visitors.
- Identifying hazards, assessing risks, and implementing effective control measures.
- Ensuring the use of appropriate PPE and safe work practices.
- Preventing workplace injuries, occupational illnesses, and environmental pollution.
- Conserving natural resources and promoting waste reduction and proper disposal.
- Conducting regular HSE training, inspections, and emergency preparedness activities.
- Encouraging the reporting of unsafe acts, unsafe conditions, near misses, and incidents.
- Continually improving our Health, Safety & Environmental Management System through audits and reviews.

Our Goal: ***Zero Harm to People, Zero Environmental Incidents, and Full Compliance with HSE Requirements.***

Every employee, contractor, and subcontractor is responsible for implementing this policy and contributing to a safe, healthy, and environmentally responsible workplace.
